D = Dental, E = Endoscopy, M = Microscopy, R = Radiology, U = Ultrasound

* Discontinued, ** Contact Sony office

STORAGE CONDITIONS

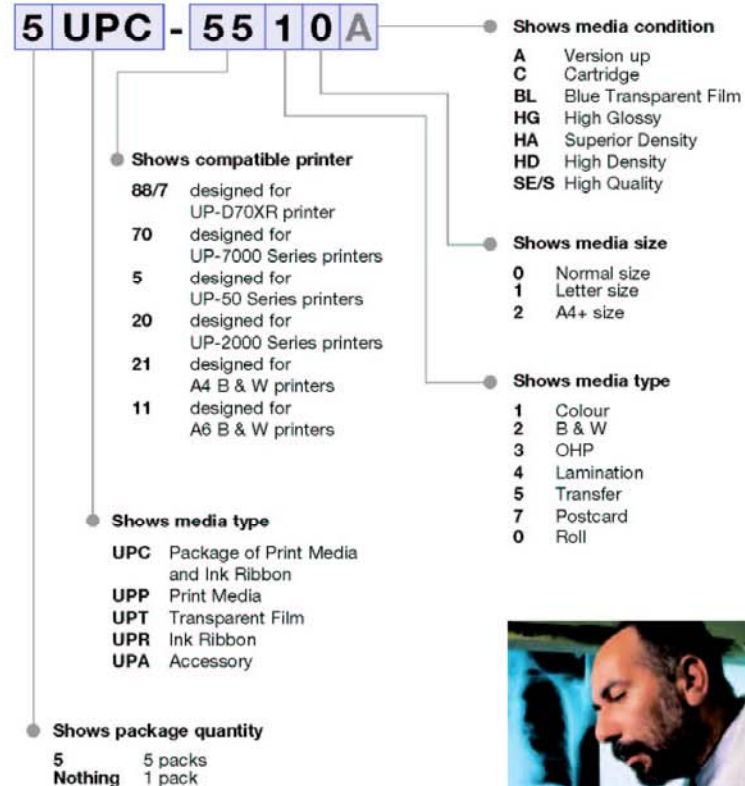

Storing unused print media

- 1 Store print media in a dark location where the temperature is less than 30 °C.
- 2 Avoid storing print media in locations which are exposed to high humidity, high concentrations of dust, direct sunlight or artificial light.
- 3 Avoid contact between print media and volatile organic solvents and gases.

Storing printed print media

- 1 Place prints in a bag made of clay-free paper or polypropylene and store in a dark location at a temperature of less than 30 °C.
- 2 Avoid storing prints in locations which are exposed to high humidity, direct sunlight or artificial light.
- 3 Avoid contact between print media and volatile organic solvents and gases.
- 4 Use double-sided tape or water-based adhesive to fix prints.
- 5 Do not stack prints with printed surfaces turned face to face.
